ABOUT MASTER PRECISION PRODUCTS

Master Precision Products has specialized in manufacturing world-class Steel Kitchens, Kitchen accessories, Wardrobes and Wardrobe accessories. We have spent decades in researching various Materials, Material processing methods and Manufacturing Techniques to ensure our products doesn't just meet our client's needs but also exceed their expectations.

We have wide range of processing techniques to ensure we deliver the best in the industry. Whether it's a small screw that goes into the process or the paint or anything for that matter we do not compromise on our product quality.

Being said all this, we are leading manufacturer of World class Kitchen products.

We are not happy with just having the material knowledge, we do have team of expert designers to plan any range of Kitchen. They look into every detail that our customers come up with and then our designers put all their experience to exceed our client's expectations.

Our Vision: To be content by delivery the best to our clients and to lead the industry in coming years.

"U" SHAPE KITCHENS

WHY WE ?

With all the in-house Knowledge and experience we have below are few things what our clients get.

- We use only non-rusting range of metals (304 Graded steel, Galvanized Steel etc..)
- We use world class accessories from Germany, Italy and Spain (Hetrich, Bosch, Hafele, Grass, Kaff, Faber, Franke, etc..)
- We use imported PU foams to make sure the Heat and Noise of steel is totally absorbed and rejected from the working environment.
- Last but not the least; we have in house designers and production units to out beat the price competition.
